

The Prairie Township Recreation Department is hosting the first ever 5K Dash N Dine on Friday, September 22, 2017. We are hosting a family dinner on Murray Hill at the conclusion of the 5K Dash. This requires Murray Hill to be closed to traffic from W. Broad St. to Medfield Way from 3-11pm on Friday, September 22. Your customers will be minimally affected by the closure due to access points highlighted on the enclosed map. We hope that your business will support this community outreach event.

The 5K run/walk event is a community outreach effort to help Prairie Township and surrounding area residents get active. The goal is to gather families from the community to participate in this FUN fitness event. We are looking to help decrease obesity, promote healthy habits and increase family interest in a healthy lifestyle.

The proceeds from this event will be used to create a scholarship fund for families and individuals to make membership to the Community Center more affordable.

If your organization would like to participate in this year's event as a sponsor, please contact me. We are looking for your support of this event and hope that your business will join us as we "Build a Fun, Healthy Community!"

Thank you for your time and consideration.

Sincerely,

James Gant
Director
